

ZAPP Circular no. 33

March 2016

Content:

1. ZAPP statusmessages in EDIFACT and fieldnumber format

The ZAPP Circular no. 33 provides information changes concerning the ZAPP application, developed and agreed by the ZAPP working group (ZAPP AG) respectively resulting from current customs requirements.

The necessary implementation guides can be found on our homepage
www.dakosy.de/loesungen/zollabwicklung/zapp-sea/edi-handbuecher/.

1. ZAPP statusmessages in EDIFACT and fieldnumber format

In the context of changing messages to new release ATLAS export (AES) 2.3, to be done until April 24th, 2016, message segments or fieldnumbers are defined to hold the additional information.

Changes appear in the messages examination/loading stop and statusmessages out of ATLAS-AES forwarded as ZAPP statusmessage in EDIFACT or fieldnumber format.

The new information are name and phone number of customs official taken from messages out of customs system.

- ZAPP statusmessages in EDIFACT format (ver. 4.2.2)

Message structure has not changed.

Changes in segment group SG2 (manual pg. 16 – 18)

- Segment CTA+CC

Customs official's name if available from ATLAS message else "4851"

- Segment COM

Customs official's phone number if available from ATLAS message else "040-30213 180" (ZA Waltershof AG30 "ZAPP-Zentrale")

- ZAPP statusmessages in fieldnumber format (ver. 4.2.1)

New fieldnumbers 217, 218 (manual pg. 11), replace fields 205, 206

- 217 Customs official's phone number (replaces field 206)

Customs official's phone number if available from ATLAS message else "040-30213 180" (ZA Waltershof AG30 "ZAPP-Zentrale")

- 218 Customs official's name (replaces field 205)

Customs official's name if available from ATLAS message else "4851"

ZAPP Circular no. 33

March 2016

- ZAPP@Status (www.dakosy-direct.de/zappreferenz)
For ATLAS status' of the MRN (BS=examination, EA=allowance exit; UA=interdiction exit, AAB=exit cancelled, WL=process forwarding, NA=no acceptance) official's name, phone number and an explanatory text (if provided) are shown in a detail window. Detail window up to now only exists for status "examination"
